TRUSTED POWER & PERFORMANCE

Enjoying a reputation of a steady torque and robust toughness, the new Hino 300 Series engines have further evolved to become more reliable by virtue of their low carbon emissions, more power and an enhanced fuel efficiency.

WORLD RENOWNED TRANSMISSION

Delivering a wide range of benefits, such as smooth acceleration, reduced driver fatigue and effortless performance on all types of terrains, thus asserting its genuine durability.

ENVIRONMENT FRIENDLY

Equipped with new Euro-3 compliant engine the new Hino Dutro 300 Series delivers low carbon emissions along with an ideal combination of power and efficiency.

SAFETY

The new Hino Dutro 300 Series has benchmark and leading safety features that ensure the safety of driver and the safety of other road users.

DRIVABILITY

The new Hino Dutro 300 Series is backed by a powerful engine and an improved transmission all of which result in drivability benefits such as more fuel efficiency, lesser vibrations, reduced noise and less physical strain on the driver.

COMFORT

Designed from the driver's perspective the new Hino Dutro 300 Series is equipped with an air conditioned cabin and other features to ensure comfort and enhance the overall driving experience.

SAFETY – OUR UTMOST PRIORITY

Equipped with SRS Airbag, Seatbelts, Warning Buzzer and ABS Brake Assist, the new Hino Dutro 300 Series is the safest light duty truck in its class.

SEAT BELTS

3-Point ELR Seat Belt with warning buzzer.

ABS

ABS helps restrain the vehicle from slipping when driving on slick road surfaces or in the event of sudden braking.

SRS AIRBAGS

Supplemental Restraint System (SRS) Airbags are designed to be deployed in case of a severe front impact.

DUTRO – THE DRIVING COMFORT

The interior concept of the Dutro cab has been designed for functionality and for the comfort of the driver and passengers. Whether it is a long trip or a pleasant short trip, the air-conditioning, power doors and windows, and spaciousness of the cab is what makes Dutro the new benchmark in driving comfort.

HEAD LAMP

Adjustable head lights helps to enhance night time visibility giving a sense of extra comfort.

AIR CONDITION

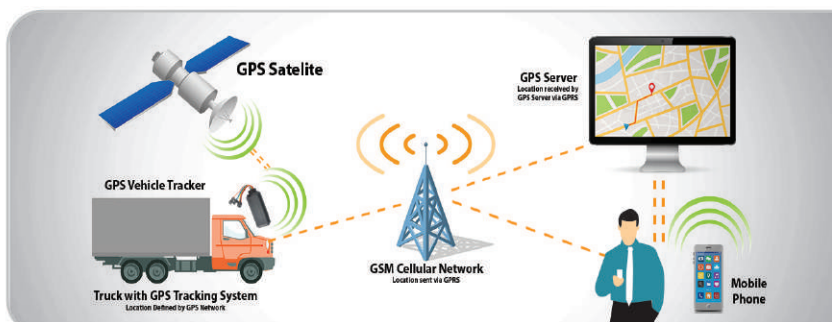

Intuitively and spaciouly designed the Hino 300 Series cab space has factoryfitted air conditioner & heater for more driving comfort.

POWER DOOR & WINDOW

Newly designed door & window panel add a new sense of driving comfort.

SMART CONNECTIVITY

TELEMATICS (PROVISION)

With Hino Dutro Telematics you can stay connected with your truck and monitor every aspect of your business. Now you can track the performance and also manage your fleet whilst on the go, all from an easy-to-use Interface.
